

## Doing Business In The EU/UK

The EU/UK is in an exploratory phase. We have a warehouse and some product on the ground in the Netherlands. The product has been approved for distribution and we are able to ship throughout the European countries as well as the United Kingdom. We have established some pricing and we are set up to take distributor applications and orders. Product will be shipped as it becomes available on a first-come, first-served basis. Because this is an exploratory phase we are still working through some of the logistics and methods of operation. Product availability and operational functionality will be limited as we prepare for the official opening of these countries.

This is a good time to establish relationships and set up lines of sponsorship. Find leaders that can facilitate rapid growth and assist in organizing systems and models of duplication in order to share this amazing product and opportunity.

Advancement and progression through the compensation plan will be limited until the official launch is announced and product is being delivered and Autoships fulfilled with regularity.

Below are some guidelines on how to get started. All rules and regulations outlined in the Policies and procedures will be applicable and enforced.

1. People may sign up online, via fax or over the phone.  
 Phone: 801-221-9452  
 Fax: 801-494-2323  
 Email: customersupport@drinklifein.com

- a. The current method of sign up is a Smart Kit or a Z5 Smart Kit and a one or two-case Autoship. Both Kits contain only Zija's popular Smart Mix, but if you wish you can elect to receive your Autoship product order as either Smart Mix or Smart Drink.

- b. If someone signs up via fax, their address and telephone number must be verified prior to product being shipped out. Verification will be done by a member of the Zija team within 48 business hours of receipt of the application.

2. Because of the diversity and variable cost of shipping we have priced the product with an all-inclusive price structure which includes shipping, tax and duties, and has been divided by regions.

**Region 1 is: Germany, UK, and Netherlands.**

**Region 2 is: France, Italy, Romania, and Spain.**

Region 1	Product	With Shipping
Germany	Smart Mix Kit	\$210
UK	Smart Drink Kit	\$256
Netherlands	Z5 Smart Mix Kit	\$550
	Z5 Smart Drink Kit	\$679
	Single Case Smart Mix	\$87
	Single Case Smart Drink	\$113
	Double Case Smart Mix	\$165
	Double Case Smart Drink	\$198
Region 2	Product	With Shipping
France	Smart Mix Kit	\$221
Italy	Smart Drink Kit	\$305
Romania	Z5 Smart Mix Kit	\$578
Spain	Z5 Smart Drink Kit	\$810
	Single Case Smart Mix	\$92
	Single Case Smart Drink	\$147
	Double Case Smart Mix	\$175
	Double Case Smart Drink	\$242

*Prices are subject to change without notice and are based upon USD/Euro exchange rates, shipping rates, fuel surcharges, VAT taxes, duties, handling fees etc.*
